Alchemy Metals Ltd is a private family owned independent company, who specialise in scrap metal processing. We also provide tailored waste management services to our clients all over the country.

We recognise that our activities have an impact on the environment and we accept responsibility for the harmful effects our operations may have on both the local and global environment. We are committed to reducing them as far as is reasonably practicable by setting objectives and targets which are linked with our Environmental Management System Registers that look at our impacts on the environment.

Alchemy Metals Ltd is committed to:

- Continual improvement in its environmental performance.
- Preventing pollution.
- Compliance with all environmental legislation, regulations and codes of practice relevant to the Company.
- Maintenance of the accreditation to the ISO 14001 standard.

It is the policy of Alchemy Metals to :

- Actively promote the use of recycled materials.
- Keep the site clean and tidy to ensure minimum disturbance to clients and neighbours.
- Provide a fully auditable and sustainable alternative to landfill for the secure disposal of metals, electrical, electronic and other equipment and materials managed by the company by way of re-use and recycling
- Minimise toxic emissions through the selection of the fleet and by regularly servicing vehicles to maintain their efficiency.
- Establish systems for the prevention of pollution at the site.
- Follow emergency plans and instructions in areas where spills of undesirable substances can occur.
- Make efficient use of natural resources by conserving energy and water, minimising waste and recycling where possible.
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste.
- Co-operate with suppliers, customers and business partners to achieve higher environmental standards.

The Company will communicate this policy to all our employees and ensure that they are given appropriate training to raise awareness of environmental issues.

The Company will review this policy on an annual basis taking into account any changes within legislation, our organisation and other factors.

Alchemy Metals Ltd will make this policy available when requested to interested parties including members of the public.
